SUBJECT.

Prayer of one Lakshmidevamma for the remission of Khalsat on certain temple inam lands.

From

The Superintendent of Inam Settlements

No. 114 Dated 5/8th May 1905

Government orders remitting Khalsat on Temple inam lands as directed in the Dasara R.A. of 1901, were issued in Rev: NO R.2973-83 dy 9th Jan'y 1902. (Printed Copy is put up)

One Lakshmidevamma of Nanjangud memorialized His Highness the Maharaja praying that under the terms of the aforesaid Govt. order, the Khalsat on certain inam lands in the Krishnarajpet Taluk, may be ordered to be remitted

MGCLB-500-21105

as the local authorities had advertised the lands for sale owing to the arrears of Khalsa assessment due thereon. This memorial was transferred to this Department for report. R. No. 1437 dated 27th July 1903

The records relating to the subject were called for from which it is observed as follows.

The village of Hanumanpura in the Krishnarajpet Taluk is a Sarvamanya one under the management of Govt. in the Revenue Department. Lands bearing Sur: Nos 186, 191, 57 & 190, assessed at Rs 37-8-0 in the aggregate, were granted as Inam by the Inamdar (Gurukar Nanjunda date not known) to the Sri Kasama Nanjundeswaraswamy temple at Nanjangud. This inam not having been dealt with by the Inam Department, is a separate temple inam, a perusal of Rs 79

was fixed on the lands during the Survey Settlement and after deducting 18 Varahas therefrom, the balance of Rs 26-8-0 and the local cess of Rs 4-15-0 on the Beriz were imposed as Kandayam on the lands in question. The Kandayam having fallen into arrears, the lands were brought up for sale by the Taluk Amildar, but the same was cancelled by the then Sub Division Officer of French Rocks, pending the decision of the question by Govt as to whether the terms of the Govt's Pro. of the 9th Jan 1902 could be made applicable to the case The memorialist contended that the Khalsa on the lands in question should be remitted in accordance with the terms of the Govt. order referred to above.

The Inam lands in question having been granted to the temp

by private individuals and not having been dealt with by the Inam Department as Devadaya, the opinion of the Inam Superintendent was called for. That Officer states, in his letter No 114 dated the 3rd May 1905 that the Govt. Order cannot be held strictly to apply to the present case as the lands in question were not dealt with by the Inam Department, nor by the Survey Department in the Jarás statement, and consequently there was no Khalsa proper. Col Grant adds that the Govt. Order of 1902 is, however, "so worded, directing as it does, the remission of the assessment on Temple Khalsa lands in actual enjoyment of Temples, that the excess in the present case, which is practically, although not literally, Khalsa, may, if the whole of the lands are really in the enjoyment of the Temple, be remitted". Colonel Grant states further

further that as he has not the Settlement papers at hand, he has given his opinion on General Grounds

From the declaration of forfeiture (in) it appears that all the 4 survey nos in question have been in the possession and enjoyment of the temple, i e, of the Archak on behalf of the temple. Under the circumstances brought to notice, the case seems to be one deserving the favourable consideration of the Govt, and it is submitted that the excess charged on the lands may be excused together with all arrears up to date.

The petn addressed to His Highness which was forwarded to the Dy Commr, not having been returned to this Office, it was called for and reminders were issued. The Dy Commr states that the Asst Commr in charge of the Kadur Division has been requested to return the

25/5/05 We also note that very clear ground. We would like to know why the Commissioner has not called the Archit - Dharmadhikari - Dharmadhikari is otherwise represented - Is this the main Temple or another consecrated in the big temple of any other deity - To whom was the land granted? To the architect of the Temple? How is the land registered & in whose name. Want to know these details

A short Note on the Memorial of one Lakshmi Devamma re Khalsat.

The village of Hariharpur in the Krishnarajapet Taluk (formerly belonging to the Holenarsipur Taluk) is a Sarvamanyam village, granted by His Highness the late Maharaja Krishnaraj Wadiyar Bahadur LLL to to the late Mr. Nanjappiah who was the Gurikar of the Palace Bokkasa. The donee consecrated the idol of Sri Prasanna Narjundeswaraswami in one of the Mantaps in the main temple of ~~the~~ Sri Srikanteswaraswami at Narjanpud, and assigned lands in 1853 with a beriz of 18 Varahas in the said Sarvamanyam village for Paditari Deeparadhane and other services in the said minor shrine. This assignment not having been however dealt with by the Inam Department as a separate temple Inam a beriz of Rs. 79 was fixed on the said lands during the Survey Settlement and after deducting therefrom the Inam of 18 Varahas or Rs. 52-5-11, the balance of Rs. 26-10-1 was imposed as kandayam. The lands were however registered in the name of the donee.

2. The village in question having subse-

come under the management of the Revenue Department and the Kandayam due on the land together with the local cess due on the full beriz, having fallen into arrears, the lands were brought up for sale by the Taluk authorities. But the sale was temporarily cancelled by the Sub Division Officer of French Rocks at the request of the Archak who contended that the said arrears, which were Khalsat on the lands in question, were liable to remission in accordance with the terms of the Govt. Order No R 2973-83 dated the 9th January 1902, which directed the remission of the assessment on temple Khalsat lands. The Archak since died leaving a widow by name Lakshmideavamma. She submitted a Memorial to H. H. the Maharaja repeating her deceased husband's contention and it has been received in this Office for report.

Porker under Dis-

Now the question is whether the Govt. order which referred to temple Khalsat, can be made applicable to the Inam under dispute, which was granted by a private individual. The Inam Superintendent who was consulted on the subject is of opinion that the order cannot strictly apply to the lands in question, because they were not dealt with by the Inam Dept., nor by the Survey Department in the Taraf Statement. He states, however, that the order is " so worded, directing,

does, the remission of the assessment ~~on~~ or temple Khalsat lands in actual enjoyment of temples", and that therefore "the excess in the present case, which is practically, although not literally, Khalsat, may if the whole of the lands are really in the enjoyment of the temple, be remitted." From the local enquiry it is ascertained that the lands in question are in the actual enjoyment of the Archak, who does service in the temple.

In these circumstances the late Dewar Sir P. N. Krishna Murti was of opinion that the Khalsat might be exempted and a Note submitted to His Highness accordingly.

The big Office Note which is in the file contains the opinions of the late 2nd Councillor and the late Dewan.

Dear Mr D'Souza,

I herewith send a file re Khalsat in certain Inam lands granted to a temple by a Sawa Raja ~~Inamdar~~. ~~The question~~ Many the village is now under Govt management the question of resuming Khalsat appears to me to be a right resting in the Inamdar & cannot be exercised by Govt without his express Consent. The Amildar in his report has enclosed an extract from the Survey records which seems to put quite a different complexion on the facts of the case. In the Samvad a copy of which is in the file, land with a kerij of 18 varahas (15 varahas of wet & 3 varahas of dry) were assigned for the benefit of the idol in 1853. From the Sanad in the Khatta, it seems that in the beginning no specific land was given to the idol and the payment of 18 varahas was made out of the income of the village - Subsequently through some arrangement the particulars of which it has not been possible to ascertain, land in the holding of certain tenants, yielding a rent of 18 varahas were considered as having been set apart for the benefit of the idol and 18 varahas were accordingly removed from them annually.

After the village came under Government management Survey and Settlement has been introduced into it and according

to the rate then settled the tenants who held the land which are now regarded as belonging to the old land & pay Rs 79 in place of the Rs 52.11. which they were originally paying. It is a mistake to regard this as the sale being in reality the enactment of the tenants holding the land in question so no question of any remission can arise in the case as the tenants are bound & pay the enhanced rent

I cannot understand how any proceedings could have been taken for the recovery of the arrears of rent against any other interest in the land except that of the tenants who are bound to pay the rent So there seems to have been a mistake in the manner adopted for the recovery of the arrears.

The endorsement in the file is like any other file and is not an Insane which can be confirmed only by Court

The transfer of the land on Grahamstown to the idol does not affect the liability along with the rest of the village for the Jodi Tagadu Cost. It is the Inamdar's business to see that the purposes of the grant are duly fulfilled and if they are not he cannot obtain the necessary interference of Court as there is nothing to show that the sanction of Court has been obtained to ~~ratify the~~ confirming the Inam. The Court may do so now if so disposed as any of the many times that have elapsed since the land have been practically regarded as belonging to the idol, there does not seem to be much chance of any rights being now asserted on behalf of the Inamdar in respect of these lands - the idol is entitled to the benefit of the full rent that may be properly recovered from the land in question

Remarks:—

This is an Inam found in the village accounts (ie ½ of 25-0). This is not included in the Jari Inamti of the Inam Settlement. From the written arrangements made by the Inamdar Bokkasada Gurikar Narayappa, only 12 varahas should be devoted as Inam

and the said amount of 18 Varahas should
be utilized towards the daily worship &
Padikkāsu Dēsparadhanai of Prasanna
Nanjundeswaraswami & Nandikeswara
Swami idols consecrated by the said
Gurukal Nanjappa in the Nanjangud
Srikantheswaraswami temple &
towards the pay of the Archak, waleriman
& those who repeat the hymns It is further
mentioned that if the worship is not properly
carried on, the Inam should be discontinued,
that no one should have any power of
disposition over the Inam, & that the original
Sanad should be in the possession of
the person who rightly performs the
worship The person who was then performing
the worship is alleged to have been one —
Venkatasubba Dikshitha, the grandson
of the Pandith of Somanathapura Out
of the 18 Varahas thus set apart, 15 Varahas
& 6 phanams ~~have been recorded~~
have been directed to be utilized towards
Padikkāsu Dēsparadhana & watchman,
12 phanams towards waleriman & their
expenses connected with the worship, &
12 phanams towards the pay of Nanjunda —
bhatta who sang hymns before the idols
In accordance with this direction, the amount
was being met from the income of the village
Subsequently tenants holding ~~lands~~ lands in the village &
paying a rent of 18 Varahas appear to
have been set apart for the purpose No
mention is made about this Inam in
the list furnished by Shekdar Ramakrishnappa

to Hosur Srinivasa Iyengar father of Inamdar Sri B Gopalaiyar & Narayappa. So it is not possible to say ~~at~~ by whose action the Specific lands were set apart ~~for~~ the idol The equivalent of 18 Vanchas is Rs 52-5-11 The lands set apart for this amount was measured by the Survey Deptt & it was found that there were dry lands at Rs 17-8-0 and wet at Rs 61-8-0 But the byavare the dry land according to the Samvat Rs 8-11-8 & of wet 4 3-10-3 Nowhere is any mention made of any specific land being endowed to the idols. For some years after the grant of the Samvat, the amount was being met from the income of the village If Rs 8-11-8, ~~the~~ (being of the dry land endowed) is deducted out of 17-8-0 the assessment on the dry lands, there remains a balance of Rs 8-12-4, ~~and~~ This balance together with the balance of the amount on the wet lands viz) 17-13-6 in all Rs 26-10-1 with the local fund have been entered in accordance with the rules against the tenants as recoverable from them. Govt. rules regarding this Inam as well as similar Inams elsewhere applies to the case. Besides this a proportionate channel contribution was to be received from these tenants- It is not possible to fix the previous ~~year~~ amount as ~~there~~ correspondence regarding the matter is going on between the Govt & the Inamdar. The amount is to be received after it is ~~not~~ fixed

He represented that Govt had directed the remission of Khalsat on Devadaya Inam lands, e that in the Dasara meeting, the Devaru promised to consider such cases favorably and complained that it was unjust to sell these lands which would result in the cessation of services. He therefore prayed for the remission of Khalsat on the lands in question.

The following order recorded by Mr N. Venkata Rau, the then Sub Divl officer, was communicated to the Tk. authorities :— "If what is stated in this be true, the sale of the petrs. land is improper and unjust and is opposed to the spirit of the Govt Proi on the subject of Devadaya Inams. (Fc. 15) On the 21st December 1902, the marginally noted lands were however sold by the Taluk Sheristedar in the presence of the Panchayatdars and were knocked down to the highest bidders for a total sum of Rs 54½ (Vide Havaj Patti). The usual deposit of 25% of the bid amount was also made.

Note by the Undersecretary, Irrigation Dept.

Under this order of the Deputy Inspector has been returned for a complete precis of the entire enormous correspondence being participated in Peria in lieu of the acting manager is appended

The case has been dealt with by a number of officers they it may appear presumptuous to presume what I think like a bread memorandum.

The case has to be viewed as a dispute between the Inamdar of Saravanaya Nanchanpore village and the owner of a Ekkal Inam in that Village.

The Ekkal Inam was granted by Sri 1853 by Sriranka Rajasinha (to whom this village was granted as Inam by the late Mudaliyar Sri Shyampo Krishnan) a Nobleman Borlander III for the feeding and Upkeep of ~~the Rajakula Nanpidesavasakam~~ a large Ca. accepted by them in Company the Brihmanarama Inamni temple and named the Rasanna Nanpidesavasi. It is said that anyway only 10 Varahs and odd were being paid in Cash and that later on the Mudaliyam of some specific Lands was assigned amounting to this sum was assigned. I believe this has led to Mr Balasundaram Iyer's query at page 27 of this Note " whether this exchange only the Mudaliyam of land, an Inam, having to pay a Ekkal assessment, he ... the Dharmakarta also seem to hold the Same View.

The Copy of this Sanad clearly refers to land and not a Lump of

18 Varahas, and the last owner of the Village was B Gopala Iyengar has not allowed the portion to be used as it was of the Temple land. There can then be no doubt that the land itself is Inam

The Village changed hands a number of times and lastly came to the possession of the present owner Mr. Kasam Subramanya Iyengar who seems to have been aware of the condition that he should respect the Inam granted by the original owner. This condition was being complied.

The boundaries applied (Rate Rs 12½ Kistapu) to the land was surveyed and settled in 1885-86. The Village also was surveyed and settled then perhaps at the request of the Inamdar who is entitled to Varam Batki. The Inam being only a Shrotriem the Inam the Survey Dept did not recognise this; but entered the Sri Kalayanam lands in the Khatha of the Temple land (No. 96 Varam Baka) the Inamdar, however, allowed the Temple to enjoy the equivalent of 18 Varahas and pays the Peishcush fixed.

This arrangement is objected to by the present hereditary trustee, as the Village devastanam has been remitted what is also entitled to the concession.

Strictly speaking there is no question of Khatrani in this case the Survey dept did not look upon this as Inam and did not grant Inam patta and if there was any error they looked upon the land as Kalayanam land and charged it with full assessment

The Notn of 1887 referred to has been published in the Gazette

Govt Villages As regards Cesses in Minor Inams in

That order clearly says that the matter dispute if any,

If this ~~should be~~ the case in Minor Inams in Inam

sum of Rs 262-4-6 is shown as the arrears of previous

1885-6 [the Survey Settlement is not to be introduced before
2000 and not after Govt obtained the management] this
Inam Board has not been able to recover anything from
the Archak of this idol - He does not also appear to have
taken action in a Court of Law.
After Govt obtained possession they tried to collect

As regards the such arrears Govt have in their order No 3453-61

As regards the fee of this year subsequent to the

is to be. It seems to me that there should be a
difference between a Village which has been
assessed under section 165 of the Land Revenue Code

Sections 97 and 98 of the Land Revenue Code. In the present case we could have only referred him to a Civil Court. Are we therefore now bound to refer to a Court for recovering his money? I submit this is not necessary. Apart from this item of Rs. 1800 and odd there is a large amount of kadaramai that is undisputed. The recovery thereof is wrongful in his hypothecation of the Government. After his retirement of his village he may take such action against his body as he chooses.

Another fact complicating this case cannot be omitted. This is that though the lands belong to his Trust the Archak they are in the enjoyment of ryots who like Kadaimai tenants pay a sum by the survey assessment to his Archak and transfer their rights of occupation to others. The Archak's contention is that they are not Kadaimaitenants. This has not to be decided now.

I beg to submit that we can only by summary process recover either the arrears or the current Kadaramai. In order to safeguard the rights of the Archak we might say that, without prejudice to this right, we will entertain this enquiry.

The facts are fresh in my mind & I have mentioned to him that a draft of the Memorandum & Demand notice and Commission.

There is some force in the petitioner's contention. If the petitioner mentions the point, she may be told to resort to a Civil Court.

The ~~so~~ solution proposed by the Under Secretary in the draft order put up seems to be the only correct one. There is no doubt that the lands themselves were constituted the inam according to a long course of dealing by the inamdar. It cannot be now treated as a Cash inam — payable out of the assessment levied on the lands. At the Survey settlement, there was a difference between the Survey assessment and the valuation of the inam according to the Sanad. The question whether the inamdar is entitled to levy the difference as Jodi is a difficult one and is not governed by any of the Rules of the Rev. Dept. It may well be left to the determination of a Civil Court.

The only difficulty appears to be that Government being in possession as mortgagee, (the notes in the file do not clearly show in what capacity we are in possn but I believe my assumption is correct)

That the Mortgagor have left the arrears unrecovered while yet in possession, is a point that may go to ~~lessen~~ qualify our liability to guard his rights in respect of the Mortgaged property.

I think it would be safe to ascertain the following from and then obtain the Govt Advocate's opinion on the questn whether Govt is under an obligation to take steps to guard the rights of the Mortgagor as against the inam holder (the ~~temple~~ idol or the archak) and to recover any dues for him, and how such obligations are to be fulfilled if at all there is to be institution. I am therefore of -- opinion that the Government have no right to collect arrears of assessment due for years previous to the date of mortgage. The mortgagor was at --- liberty to collect them inspite of the mortgage . If any portion thereof was recovered by Government it was unauthorised. It is therefore advisable to inform the representatives of the late Mr. Gopal-Iyengar to make their own arrangements for the recovery of such arrears.

2. As mortgagees in possession, the Government -- are bound to collect, with due deligence, from the ryots, the candayam payable by them, and will be liable to make good any loss arising from their -- negligence. The right of the mortgagor to demand the Khalsat in question was denied by the Pujari; and the mortgagor did not make any attempt to enforce this right for nine years he was in possessic of the village before mortgage. It can firly be - contended for the Pujari that the land itself was made a gift of to the deity and not a certain amount

out of the income thereof. The gift was not qualified by any reservation that when the assessment of the land was enhanced, the donor was to get the -- difference between the old and the new assessments. Thus the claim itself is a highly doubtful one and no negligence can be imputed to the mortgagee if no - suit be filed to enforce such a claim.

3. If the claim of the mortgagor to the khalsat in question be considered good, the only way it can be enforced is by a suit to be instituted by the Deputy Commissioner of Mysore, on behalf of the Government of Mysore, as the mortgage deed stands in his name. The heirs of the mortgagor will have to be made -- proforma parties to the suit.

5. Before launching a suit of this kind the ---- question of limitation will have to be considered. The Survey settlement seems to have taken place in 1885 when the Khalsat was claimed by the mortgagor and the pujari seems to have denied his right to - make such a demand. Whether or not this right be regarded as a recurring one for which a cause of action arises from day to day or form year to year, the claim seems to be barred by either the 12 years' rule under article131 or by the 6 years rule under article 120 of the second schedule of Limitation - Regulation.

The lands in question are situated in the Sarvamanyam Hariharpur village in the Krishnarajpet Taluk and were assigned to the temple not by Government but by the original Inamdar of the Village Gurikar Nanjappa, who, in 1853, made a gift of land with a beriz of 18 Varahas for Paditaradeeparadhane and other services in the said minor shrine consecrated by him.

The memorialist objected to the payment and urged that as Devadaya Khalasi had been remitted in Government villages, a similar concession should be allowed in this case also.

The lands being "Stala Inam" not recognized at the Inam Settlement(i.e. local inam only locally recognized), the matter is one for determination by a Civil Court, as directed in Government Proceedings No. Camp 23 dated 3rd April 1890. The action proposed to be taken in the matter is explained in the accompanying draft order, which may be approved.

A copy of the opinion of the Government Advocate on the case contained in his note of the 26th August 1909 will be forwarded to the Deputy Commissioners of Cheyne for information As, besides explaining the case, it contains also certain pronouncements which should be of use to local officers administering the affairs of Inam Villages temporarily under Government management. It will be communicated to other Deputy Commissioners also.

The Government Advocate's note refers to two matters :— (1) The collection of arrears that accrued prior to the assumption of the management of the Village by Government, and (2) the diligence to be exercised annually

As regards (1) Govt. in their order No. 3453-61 / L R 217-06-2 dated 23rd Dec. 1907 have clearly said that in the case of Villages the management is assumed by Govt.

For default in payment of Govt dues the arrears due by the ryots prior to the assumption of management cannot be recovered by Government This must also apply to villages mortgaged to Government As there is no clear order so far as I know, ~~an order~~ one now ~~has to~~ be issued by the Revenue Department

As regards (2) I may be permitted to say that the responsibility pointed out does not appear to be realised While the Amildar's work as regards the collection of Kandayam in Government villages is carefully supervised there does not appear to be the same supervision as regards the collection of Kandayam in the Inam villages I am not sure that any D. C. B Statement as regards these is called for or produced There is a D. C. B. Statement as regards loans, but that has nothing to do with the D C B of Kandayam due by ryots

The State of things generally is that the Shanbogue collects the Kandayam and remits to the Treasury what amount he pleases This amount is according to instructions adjusted towards the interest

and disbursement of principal I am not sure that any enquiry made of the instalment is short of the Stipulated Amount. I do not remember any such enquiry during the period I was Assistant Commissioner though there were such villages in the Taluks forming my Charge The Shanbogue generally enables a pretty large percentage of the collections The Inamdar in the meantime rests secure in the belief that Government will recover the money properly; and though the balance of debt is annually intimated to him by the Comptroller through the Revenue Department the Inamdar does not bestir himself to admit or deny its correctness

I had a great desire to bring these State of things to the notice of Government and I am glad there has been an opportunity The idea that the Government officers are bound to collect the Kandayees with due diligence and will be liable to make good any loss arising from their negligence has to be impressed on all officers by the Financial or Revenue Branch

Sir,

With reference to

your letter no 97/3257 dated

1st March 1905, stating

that your case "has

impressed you of the actual

facts to bring out an

opinion" in the matter

of the prayer of one

Lakshmidevamma of

Nanjangud, regarding

the Khatsal imposed

on certain ~~Inamdars~~ land.

I am directed to ~~state~~ give

give a brief account of the case,
which is as follows:—

The village of Humpapur
in the Krishnarajpet Taluk
is a Devaswamy village
under the management
of Govt in the Revenue Dept:
Some lands with a levy
of 18 varahas were given
by the Zamindars as
Inam to the Sri Prasanna
Venkateswaraswami
temple at Venkatapur but
the lands in question were
not dealt
with by the Inam Department
as Inam and consequently
at the Survey Settlement
a Levy of Rs 7 9 was
imposed fixed thereto
and after deducting
18 varahas therefrom

the balance of Rs 26-8-0
and the local cess of
Rs 4-15-0 on the full
Basig were imposed as
Kandayam on the said
lands - This Kandayam
having fallen into
arrears, the lands
were sold by public
auction by the Amildar
but the sale
was cancelled by the
Sub-Division Officer
pending the decision
of the question by the Govt, as to whether
the Govt Lr no R2973-83
dated 9th January 1902,
directing the remission
of the assessment on
temple Kulkul lands

Can be made applicable

to the case - The contention

of the petitioner Lakshmi

(wife of the deceased Mijuri)

- divorcee is that-

the case should be

disposed of under

the authority of the Govt-

order referred to above

by remitting the arrears of

~~the arrears of~~ which have

~~accrued~~ accumulated

to the extent of more

than 5 hundred rupees -

The Govt- order on the

subject- deals with

"Temple Inam lands"

but- it- is not- clear

whether it refers only to

~~Inam~~ Inams granted

by the Zamindars of

the State or by private

individuals as well,

~~which~~ the lands are actually in the enjoyment of Temples —

The favour of your opinion on this point is requested

Sir,

I have the honor to acknow=
=ledge receipt of your letter No. 3829
of the 17th April 1905, regarding the
prayer of one Lakshmidevamma of
Nanjangode for the remission of so
called khalsa under Government
Order No. K 2973-83 dated 9th Janu=
=ary 1902. Apparently, Rs 26-8-0 is the
kandayem imposed upon the balance
of the temple lands after deducting 18
varahas from the Survey levy of 1879.

2. The Government Order quoted above cannot of course strictly apply, for the lands in question were not dealt with by the Inam Department nor by the Survey Department in the Inam Statement and consequently there is no Khalsa proper. The Order of 1902 is however so worded, directing, as it does, the 'remission' of the assessment on temple khalsa lands in actual enjoyment of temples, that the excess in the present case which is practically although not literally khalsa may I think, if the whole of the lands are really in the enjoyment of the temple, be remitted. I have not the settlement papers at hand and the vernacular correspondence does not afford precise information as to how the present case was dealt with at the

No 12/234 dated 24th June 1905

II

It is not understood how the Inam lands in question are in the enjoyment of the Archak

From the records hereunto submitted it may be seen that the Archak is not remunerated otherwise beyond 15 Varahas since 6 January as of the realizations from the Inam lands endowed to the Sri Prasanna Vanjunadeswara Swamy temple

III In his Ittella No 126/1443 dated 15th Feb -ruary 1936 the Amildar of the Nanjangud Taluk reports that the Archak is holding the Samvidhi Archak's post (pay Rs 9- per mensem) also in the Sri Srikanteswara Swamy temple at Nanjangud.

iii The temple in question is not a main temple but a minor one established in the Sri Srikanteswara Swamy temple at Nanjangud.

iv From the copy of the Samad and Assistant Commissioners reports it may be seen that the lands were granted by Immadi Nanjappa to the Sri Prasanna Vanjunadeswara Swamy temple and the Nandikeswara Utsava murthy at Nanjangud and that the lands bearing Survey nos. 51, 52, 186, 187, 188, 190 & 191, have been registered in the name of the Sri

Prasanna

Prasanna Venkateswara Swamy temple

At the Survey Settlement the lands assigned to Sri Prasanna Nanjundeswara were numbered & assessed as specified in the margin. The Inamdar relying on Govt. No 153 dated 12 12 1887 claimed the difference between the assessment and the old beriz as jodi on these lands. The archak refused to pay. This state of things continued till the year 1894-5 when Mr. Gopaliengar mortgaged the village to Govt having obtained a loan of Rs 20,000. To receive steps having been taken by Government Officers for the recovery of the arrears on the lands aforesaid preferred to, petitioners husband who was the archak of the idol and after his death the petitioner contend that

The claim being one of a doubtful nature, Govt do not consider it advisable to take steps to enforce it. The reps of the Mortgagor will be informed that they are at liberty to take whatever steps they consider necessary to enforce their rights if any in this respect against the occupant of these lands.

Yet as per undertaking

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 29th April 1910.

READ—

The following note dated 26th August 1909 by the Government Advocate regarding the remission of khalsat imposed on certain Devadaya Inam lands in Sarvamanya Hariharpur village, Krishnarajpete, Taluk, which is under Government management, having been mortgaged by the Inamdar for a loan of Rs. 20,000·—

"The mortgage deed stipulates, among other things, that the hypothecated village shall be in the management of the Amildar and that out of the income realised a sum of Rs 1,662-10-8 shall be annually appropriated towards the principal and interest until the debt is fully discharged. Neither this document nor the Government Proceedings referred to therein alludes to the arrears of assessment due by the raiyats. I am therefore of opinion that the Government have no right to collect arrears of assessment due for years previous to the date of mortgage The mortgagor was at liberty to collect them in spite of the mortgage. If any portion thereof was recovered by Government it was unauthorized. It is therefore advisable to inform the representatives of the late Mr. Gopala Iyengar to make their own arrangements for the recovery of such arrears.

As mortgagees in possession, the Government are bound to collect, with due diligence, from the raiyats, the kandayam payable by them, and will be liable to make good any loss arising from their negligence The right of the mortgagor to demand the khalsat in question was denied by the pujari; and the mortgagor did not make any attempt to enforce this right for nine years he was in possession of the village before mortgage. It can fairly be contended for the pujari that the land itself was made a gift of to the deity and not a certain amount out of the income thereof. The gift was not qualified by any reservation that when the assessment of the land was enhanced, the donor was to get the difference between the old and the new assessments Thus the claim itself is a highly doubtful one and no negligence can be imputed to the mortgagee if no suit be filed to enforce such a claim.

If the claim of the mortgagor to the khalsat in question be considered good, the only way it can be enforced is by a suit to be instituted by the Deputy Commissioner of Mysore on behalf of the Government of Mysore, as the mortgage deed stands in his name. The heirs of the mortgagor will have to be made *pro-forma* parties to the suit.

Before launching a suit of this kind the question of limitation will have to be considered. The Survey Settlement seems to have taken place in 1885 when the khalsat was claimed by the mortgagor and the pujari seems to have denied his right to make such a demand. Whether or not this right be regarded as a recurring one for which a cause of action arises from day to day or from year to year, the claim seems to be barred by either the twelve years' rule under Article 131 or by the six years' rule under Article 120 of the 2nd schedule of Limitation Regulation."

No. R. 7402-10—L. R. 423-09-1, DATED BANGALORE, 29TH APRIL 1910.

ORDER THEREON.—The position of Government regarding the recovery of arrears of rent due from tenants and other inferior holders in Inam villages, taken under Government management, has been explained in Government Order No. R. 3453-61—L. R. 217-06-2, dated 3rd December 1907, and the principles laid down therein are applicable in all cases whether the assumption of management has been due to default in payment of revenue or for the recovery of any loan advanced to the Inamdar on the security of the village or any other similar reason. The attention of the Deputy Commissioners will be specially drawn to the remarks of the Government Advocate regarding the liability of Revenue officers in case of failure on their part to take proper and timely steps for the collection of arrears after the village comes under Government management and the Revenue Commissioner is requested to impress upon all Revenue officers the importance of their discharging to the best of their ability the trust imposed upon them by the management as explained in Government Order No. 3793-802—Cir. 67, dated 17th July 1890. Arrangements should be made to conduct the jamabandi of all such villages annually as in the case of Government villages and to get the demand and collection carefully checked by the jamabandi officer at the time and to have in short the same attention paid to prevent accumulation of arrears as in Government villages.
